STONE & THOMAS.

Health and Beauty

are the two essential reasons why rugs have of late years become so universally popular. They are clean and pretty, and in every room of the home, except the kitchen, they're appropriate.

This year they're handsome in design, color and quality. Best are made in the Orient, but the ingenious Yankee has succeeded in placing upon the market some excellent makes, which for coloring, design and general workmanship are hard to distinguish from the foreign product, and they're so much cheaper.

We have an immense assortment here, all bought before the advance, which enables us to offer them at under prices which cannot be quoted on equal qualities in the city.

RUGS

Room Size.

MAGNIFICENT AXMINSTER RUGS, size 9x12 feet, all bright colors and handsome new designs. They're the regular \$25.00 values, our price.....

WHY Purchase Snook & Co.'s Foulards?

Three reasons, one of which—the price-reason—will cease to exist at 6 o'clock Wednesday evening; the other two will continue in force as long as the stock lasts—the style and quality reasons.

Stylish figures of BLACK and WHITE, used singly or jointly on such desirable grounds as these: Violet, Old Rose, Porcelain, Marine and other Blues, Grey, etc.

Tuesday and Wednesday only at these prices:

85c and 75c Foulards at.....59c Yard

98c Foulards at.....69c Yard

The finest satin face Twill Foulards at 88c Yard

Two days only—Tuesday and Wednesday.

39c yard for good, rich and lustrous Japanese Habutai Silks. Probably twenty-five different tints. Used very largely to line Ribbon Waists, and beneath the finer, shier Wash Fabrics, bringing out their best features in a most effective manner.

Grenadines, Brussels, Tosca and other Nets for Cool Summer Dresses.

NAY BROTHERS—SHOES.

A reason for it.

There is a reason for the great popularity of the

"Royal" Shoe.

It's true the price is a popular price, but there are lots of \$2.50 shoes on the market. True you don't hear much of them. It's different with the "ROYAL" Shoe. Thousands have worn the "ROYAL" and know its merits. It's a shoe with a name and reputation. This store has a reputation for selling strictly reliable shoes. We recommend the "ROYAL" as the best shoe in Wheeling for \$2.50.

Water Rents Are Due.

Water rents for the six months ending September 30, 1900, are now ready. If paid on or before June 30, 1900, a discount of 10 per cent will be allowed.

THE CITY WATER BOARD.

In Clerk Robertson's Office.

Yesterday, in Clerk Robertson's office, a marriage license was issued to Charles H. McCallister, 30, of Beaver, Pa., and Cordelia Cogley Donnell, 26, widow, of Merideth, Pa.

Bridgeport Plant Bought.

It leaks out that negotiations have been on for several weeks for the purchase by the Wheeling Electrical Company of the plant and franchises of the Bridgeport Electric Light Company, and that the result is the closing of a deal by which the plant will be taken over by the Wheeling company in a few days. The plant will be almost entirely rebuilt.

The Criminal Court.

Yesterday, in the criminal court, Judge Hugus on the bench, in the case of state vs. Alex. Gurley, demurrer was submitted without argument, which was over-ruled and the case set for trial on June 19.

State vs. Hattie Johnson, demurrer without argument submitted and same over-ruled; plea of not guilty; trial set for June 22.

The New Hose House.

Yesterday, Chief Cline and his men took out one of the sliding poles at the Vigilant engine house and placed it in position in the new Fort Henry hose house. They are also putting up a thirty-five foot iron and brass-tipped flag pole in front of the Fort Henry. In connection with the dedication exercises in August, there will be a flag raising.

Big I. O. O. F. Doings.

Last night, at the order's hall, corner of Chapline and Twelfth streets, there were big I. O. O. F. doings, with Franklin lodge No. 3 occupying the leading role, and with brethren from Martin's Ferry, Bridgeport, Bellairs, Benwood, Moundsville and Triadelphia as the very welcome guests of the evening. The lodge had three candidates who were put through the first degree in good style, after which there was a banquet with seats for between 150 and 200. It was a most enjoyable evening, and the visitors departed with a high appreciation of the hospitality of the Wheeling brethren.

The K. of P. Cannon.

The first of four cannons purchased by Battery A, of the Uniform Rank, K. of P., arrived yesterday from New York, where it was secured by John Pöbler, and it is now on exhibition in front of the city building. It is a United States regulation 3-inch gun, 63 inches in length and weighs about 1,600 pounds. Battery A is the first organization of its character in the Uniform Rank and when fitted out with its four cannon the battery will be the whole thing in street parades. Yesterday's arrival, while stationed in front of the city hall, was decorated with an American flag and a Pythian banner, and it was inspected last night by hundreds of people. Tonight, on Virginia street, Island, the battery will have its first artillery drill. The battery band, under Professor Summers, will be out, too.

DON'T fill your stomach with spirits which wreck it. Cook's Imperial Extra Dry Champagne tones it up.

GREENE County turtle soup to-night at John Corcoran's, 185 Sixteenth street.

CONTESTS for handsome prizes. A. O. U. W. Picnic, Wednesday next, Wheeling Park.

A BUSY EVENING

At the City Building, With Meeting of Four Committees.

COUNCIL MEETS THIS EVENING.

Petitions and Remonstrances Committee Recommends an Application Favorably—The Turned Down Class Comes Before Council To-night—A Gymnasium for the Police Suggested—Other Public Business.

There were four council committee meetings last night and another was called, but turned up wanting. The committee on petitions and remonstrances, which has had its share of publicity in connection with liquor license applications this spring, had the tamest session for many moons. It had only one application to consider, that of Botts & Hennis, located near the Fifth ward market house, and their petition was granted. There are still hanging fire five applications for places formerly turned down, but under the ruling of President Maxwell they will first have to come before council before the committee can consider them. It is likely these will be presented at tonight's council meeting, after which they will be referred to the committee.

Police Committee.

The committee on police audited bills totaling \$116 29, for the city prison, and \$242 26, for the police department, and also spent some time in discussing a plan for a small gymnasium for the police, to be fitted up in a room adjoining the lock-up. No action was taken on this question and it may never be heard from in definite form, but it is generally admitted that there should be a modern wash room, at least, for the accommodation of the police, especially in the summer months. In this respect Wheeling is behind other cities of smaller size. A police officer is forced to wear a heavy uniform and helmet, his hours are long, and a shower bath or similar accommodation would well be worth the small expense involved. Councilman Philip Maurer is the father of this idea.

Accounts Committee.

A meeting of the committee on accounts is always a proxy affair. There are three members and they spend a busy session going over figures to find whether the city's accounts are in shape. Messrs. Maxwell, W. G. Caldwell and Burke are the three members and last night they audited and found correct the accounts of City Receiver Forney and City Clerk O'Brien. Bills aggregating \$215 71 were ordered paid; also, \$21 04, a bill of freight for the Spanish cannon presented to the city by the captain of the gunboat Wheeling, whose crew captured the same.

Fire Committee.

The fire committee awarded two contracts for work at the hose houses. For repairing and repainting the Alert wagon at the Island engine house, the contract was awarded to Donaldson & Morgan, the lowest of the three bidders. Their bid was \$50. The bid of H. W. Fair was the lowest for putting in eight new windows at the Atlantic engine house; it was \$8 50 per window. City Engineer Cooke submitted specifications for a cement flooring for the yard and floor of the Fort Henry hose house, in the East End, and they were adopted. Bills to the amount of \$421 48 were ordered paid. The real estate committee was called, but it failed to get a quorum.

Baer-Kraus Wedding.

In the parlors of the Windsor to-day at noon will occur the wedding of Miss Flora Kraus to Mr. Joseph H. Baer. The ceremony, which will be performed by Rabbi Harry Levi, will be witnessed by only the relatives and intimate friends of the principals. Messrs. Eugene and Ben Baer, brothers of the groom, and Messrs. Ben and Dave Kraus, brothers of the bride, will be the ushers. Mr. and Mrs. Baer will be at home on North Main street, after their return from a trip to eastern cities. Both are prominent figures in local Hebrew society.
